# STUDY ABROAD

HIGH SCHOOL SUMMER

SPANISH AND ROWING PROGRAM

SEVILLE - SPAIN

- SAIE -

"Your Life Experience; Your Education"

# Welcome to SAIIE

# About the Program

# What do we Offer

Located in the heart of the bustling city centre of Seville, Spain, the Spanish American Institute of International Education (SAIIE) is a study abroad institution affiliated to the University of Wisconsin-Platteville since 1984

Our programs are based around three main goals: academic excellence, cultural immersion and social integration. With the development of our new athletic programs, we are now also able to help students achieve these goals through a sports environment where they can develop their athletic abilities whilst being surrounded by the Spanish culture and people.

Our Rowing program offers high school age students (14 – 17 years old), who are rowing back home (boys and girls), the opportunity to study abroad and row in Seville, Spain through the summer. The students have the chance to immerse themselves in the Spanish culture, take a Spanish language course at SAIIE, whilst continuing to row at an elite level on a Spanish team.

SAIIE has reached a partnership with the rowing club, Club Nautico Sevilla, founded in 1952 in Seville to offer this program. The club currently participates in tournaments regionally, nationally and internationally.

## Head Coach David Cifuentes
