About the Program

What do we Offer

Located in the heart of the bustling city centre of Seville, Spain, the Spanish American Institute of International Education (SAIE) is a study abroad program founded in 1984

Our programs are based around three main goals: academic excellence, cultural immersion and social integration. With the development of our new athletic programs, we are now also able to help students achieve these goals through a sports environment where they can develop their athletic abilities whilst being surrounded by the Spanish culture and people.

Our Soccer program offers university students, who are playing soccer back home (boys and girls), the opportunity to study abroad and play soccer in Seville, Spain through the spring.

Alongside their studies, they are placed in a local soccer team with one of the following Sevillian soccer clubs: Triana CF, Azahar CF or Calavera CF.

WHAT MAKES THIS SOCCER PROGRAM DIFFERENT AND ELITE?

Student-athletes on this program will be training with the local Spanish players belonging to semi professional teams.
