"Your Life Experience; Your Education"

Welcome to SAIE

Located in the heart of the bustling city centre of Seville, Spain, the Spanish American Institute of International Education (SAIE) is a study abroad institution founded in 1984.

Our programs are based around three main goals: academic excellence, cultural immersion and social integration. With the development of our new athletic programs, we are now also able to help students achieve these goals through a sports environment where they can develop their athletic abilities whilst being surrounded by the Spanish culture and people.

About the Program

Our Swimming program offers university student, who are swimming back home (boys and girls), the opportunity to study abroad and swim in Seville, Spain on a Elite Spanish swimming team.

SAIE has reached a partnership with the swimming club, Club Nautico Sevilla, founded in 1952 in Seville to offer this program.

"Life changing.

"That is how I would describe my experience at SAIE in one phrase. While in Seville, I went to classes and participated in the athlete program as a swimmer. "
