About the Program

What do we Offer

Located in the heart of the bustling city centre of Seville, Spain, the Spanish American Institute of International Education (SAIIE) is a study abroad institution affiliated to the University of Wisconsin-Platteville since 1984

Our programs are based around three main goals: academic excellence, cultural immersion and social integration.

This unique program in Seville, Spain allows High School students, from 14-17 years old (Boys and Girls), to have an international study abroad, cultural & social immersion experience no matter their level of Spanish.

WHAT MAKES OUR SPANISH LANGUAGE AND CULTURAL PROGRAM DIFFERENT?

This program allows students to not only take Spanish language courses at the SAIIE center but to fully immerse themselves into Spanish culture through the housing and cultural program that is set up with other Spanish students (ages 14 - 17 years old).

Students on this program will participate in a number of cocurricular activities throughout the program that are set up with other Spanish students. Our program strives to immerse our students with Spaniards on a daily basis through the housing that is set up with Spanish families, the Spanish language courses taught by Spanish native professors or the cultural program set up with Spanish students
