"Your Life Experience; Your Education"

Welcome to SAIIE

Located in the heart of the bustling city centre of Seville, Spain, the Spanish American Institute of International Education (SAIIE) is a study abroad institution affiliated to the University of Wisconsin-Platteville since 1984

Our programs are based around three main goals: academic excellence, cultural immersion and social integration. With the development of our new athletic programs, we are now also able to help students achieve these goals through a sports environment where they can develop their athletic abilities whilst being surrounded by the Spanish culture and people.

About the Program

This unique program in Seville, Spain allows High School students, from 15 to 17 years old (Boys only), who are playing soccer back at their schools in their home country, to have an international study abroad, cultural & soccer experience.

This program allows students to not only take Spanish language courses at the SAIIE center but to fully immerse themselves into Spanish culture through the housing, soccer and cultural program that is set up with other Spanish students (ages 14 - 20 years old).

WHAT MAKES THIS SOCCER PROGRAM DIFFERENT AND ELITE?

Student-athletes on this program will be training with the local youth Spanish players belonging to semi and professional teams of La Liga, all participants must be training back home on a soccer varsity team and have a minimum condition to be able to enjoy the program and take advantage of this unique experience. We will also need a form completed by your last soccer coach.
