Students applying for study at the Spanish-American Institute of International Education (SAIIE) must be aware that:

- Students are prohibited from living in their own apartments or in any other accommodation that is not approved by or under the direct supervision of the SAIIE staff.
- All accommodation is either within walking distance or conveniently located to public transit routes relative to SAIIE. Travel times to the SAIIE center will vary but generally range between 20 and 40 minutes. Variances in transit times largely depend on public transportation frequency and local traffic. Some accommodation is directly accessible by one direct bus line, while others require a change. Detailed travel instructions to/from SAIIE will be provided upon arrival.

Please note: it is impossible to house all the students at the same distance but we do our best for them to be as close as possible

- If participating in an athletic program travel times are pretty similar. Sometimes it might take a bit longer to either SAIIE or the Club where practicing the sport.
- Male and female students are never housed in the same accommodation, let alone the same room.
- Students may not entertain guests of the opposite sex in their accommodation nor have guests stay overnight in their accommodation.
- Students must ask for their señora's (Spanish landlady) permission if they wish to invite guests to visit them in the accommodation.

SAIIE

"Your Life Experience; Your Education"

- Students should keep their señora apprised of their night and travel plans.
- The accommodation cost is included in the SAIIE program cost.
- The accommodation contract only includes accommodation within the SAIIE program dates. Students who are interested in the possibility of staying in their accommodation before or after the official program dates must inquire about availability and additional costs through SAIIE. Please contact program director, Samantha Chipres at: samanthac@saiie.com
- Vegetarian, vegan, kosher, and gluten free diets can be difficult to accommodate but every effort will be made to accommodate students' requests.
- **Stay with a homestay for the year** - After the first two weeks in the homestay, students are required to commit to the full year. If, after this two-week period, a student decides to switch **from the homestay to a residency**, they will be responsible for paying the full homestay fee **plus** the additional cost of the residency out of pocket. To request a change to residency, students must contact the program director, Samantha Chipres.
- **Please note:** Host family information will be shared with students 1 week before arrival.

By signing this document, I confirm that I have read and agree to the terms outlined above.

***If the student is a minor this form must be signed by a parent or legal guardian.**
